Dimock Daily Report

Date: March 7, 2012

FIELD ACTIVITY

Water Supply (Gerald Heston)

The delivery of water to four homes continues.

Water Sampling (Gerald Heston)

The Site Team has not yet heard back from the resident whose sampling was cancelled yesterday we therefore have not been able to reschedule the sampling. One home is scheduled to be sampled with splits on March 8, 2012. There are currently four (4) homes where we are still attempting to schedule well sampling. Of these four, one homeowner will not be back in the area before April.

After tomorrow, sampling operations will be suspended while the analytical data is being received, reviewed and collated. EPA continues to review data submitted by Cabot in response to the information request.

*Unaccounted category includes homes that were sent certified letters due to disconnected phone - not counted in appointment to be scheduled. Also note that the discrepancy between Sampling Done and Appointments Scheduled is because some homes shared a well and only one home was sampled.
